RE: REQUEST FOR INFORMATION Pursuant to Clean Water Act section 308 (33 U.S.C. § 1318)

Dear Mr. Shelley:

The U.S. Environmental Protection Agency (EPA) has been notified of an alleged violation of the Clean Water Act (CWA), 33 U.S.C. § 1251, involving the unauthorized discharge of dredged and/or fill material into waters of the United States, including wetlands. The alleged violations include the placement of culverts and fill material below the ordinary high water mark of unnamed tributaries to Explorer Creek, and the excavation and discharge of fill material associated with the construction of gravel pits. The unauthorized work was conducted within Section 9, Township 8 North, Range 3 East, Seward Meridian; Latitude 60.80277° N. Longitude -148.93564° W; near Portage Valley Cabins and RV Park in Portage, Alaska (Site).

The CWA prohibits the discharge of dredged and/or fill material into wetlands, and navigable waters of the United States, except as authorized by a permit issued pursuant to section 404 of the CWA (33 U.S.C. § 1344) by the U.S. Army Corps of Engineers (Corps). The Corps' records do not identify a permit or an application for this work activity.

The EPA is sending you this letter to gather information regarding your involvement with the alleged violations of the CWA. Pursuant to EPA's authority under section 308 of the CWA (33 U.S.C. § 1318), you are required to respond to the enclosed information request (Enclosure 1).

Please read the instructions and definitions in the enclosures carefully before preparing your response. Answer each question as clearly and completely as possible. Your response to this request must be accompanied by a certificate that is signed and dated by you or the person who is authorized by you to respond to the request. The certification must state that the response is complete and contains all information and documentation available to you that is responsive to the request. A Statement of Certification is included with this letter (Enclosure 2).

Please submit your response within thirty (30) calendar days of receipt of this letter to:

EPA Compliance Incentives

EPA has two such policies that may apply to small businesses:

www2.epa.gov/enforcement/small-businesses-and-enforcement

This Policy offers small businesses special incentives to come into compliance voluntarily.

EPA's Audit Policy

www2.epa.gov/compliance/epas-audit-policy

The Policy provides incentives to all businesses that voluntarily discover, promptly disclose and expeditiously correct their noncompliance.

Commenting on Federal Enforcement Actions and Compliance Activities

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247).

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

Your Duty to Comply

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.
